I am offering for sale a nearly 7,000 sqm agricultural land in Balatonudvari, which is 2% (139 sqm) buildable.

The outer areas become buildable – for agricultural buildings – when farming, such as vineyard or fruit cultivation, is carried out. Currently, a part of the offered property (3,000 sqm) is already cultivated with vines. The land is supplied with electricity, and water supply can be arranged from a nearby shared well that is 60 meters deep, with a yield of 250 liters per minute of drinking water quality.

The property is located not far from a paved road, only 1 minute from the village of Balatonudvari, and offers partial panoramic views.

Asking price: 115,000 EUR (approximately 46 million HUF)
